An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the Claims:

In claim 7, line 5, delete the term "small" and insert therefor --sufficient--.

In claim 8, line 5, delete the term "small" and insert therefor ---sufficient---.

In claim 14, line 9, delete the terms "the first claim" and insert therefor ---claim 1--

-.

Note: The term "small" is a relative and indefinite term. It was replaced by sufficient which is consistent with applicants' language in claim 9, 13, and other claims. Those claims also use sufficient with respect to amounts of titanium.

DRAWINGS:

The applicants are respectfully requested to re-present Figures 1, 2, and 3 as stated in the applicants' specification immediately upon receipt of this notice of allowability. Presently, there is only copies of Figures 1 and 2 and there is no Figure 3. It seems to be either missing or was never sent. Therefore, applicants should present "formal" proper drawings for Figures 1, 2, and 3 in format for printing to avoid unnecessary printer delay.

Art Unit: 1755

Also, in order to avoid any confusion, Figures A1 and A2 would not appear to be part of the formal drawings of the invention and are only illustrations to make a point by applicants. These Figures A1 and A2 will not be printed.
